LDZA — ZAGREB/Franjo Tudjman Airport — Announcement of works on the RWY (THR 04) and TWY A

1. General

At ZAGREB/Franjo Tudjman Airport, there are planned works on the RWY THR 04 and TWY A including the intersection TWY A/TWY B.

See Appendix 1 — Index chart with a graphic representation of the work zone.

The expected duration of the work is about **45 days**.

2. Schedule of the works

Works are planned to start in **May 2025**.

All possible changes, exact date and time, will be promulgated by NOTAM.

3. Operational impacts

During the works, RWY 04/22 will be shortened (from 3252m to 2512 m) and RWY THR 04 will be displaced.

TWY A and B will be closed for traffic.

LVP will be suspended (only non-precision and visual approaches will be available for both directions).

Depending on the RWY in use, backtracks are to be expected for take-offs or landings (For 180° turn on the RWY 04/22, available RWY width is 45 m).

Due to these operations, RWY 04/22 occupancy time will be increased.

During works taxiing of aircraft will be carried out as instructed by ATC.

All changes will be additionally promulgated by NOTAM.

4. Enquiries

Enquiries related to operational changes:

Airport Duty Manager — H24
